SAKE

Sake, often referred to as rice wine, is a traditional Japanese beverage with a rich history dating back over a thousand years. Unlike typical wines, sake is brewed using a process that involves the fermentation of rice, water, yeast, and koji mold, which converts starches in the rice into sugars.

The quality of sake is influenced by various factors, including the type of rice used, the water source, and the brewing techniques. There are several classifications of sake, such as Junmai (pure rice sake), Ginjo (premium sake with a fruity aroma), and Daiginjo (super premium sake, polished to at least 50%). Each type offers a unique flavour profile, ranging from fruity and floral to earthy and umami-rich.

Sake can be enjoyed chilled, at room temperature, or warmed, depending on the type and personal preference. Whether you're exploring the nuanced profiles or appreciating its cultural heritage, sake is a journey worth taking!

AROMATICS

At Madame V, we invite you to indulge in the captivating realm of aromatic wines, where every sip tells a story. These wines are celebrated for their vibrant fragrances and complex flavour profiles, often featuring floral, fruity, and spicy notes that engage the senses in delightful ways.

From the enchanting aromas of Gewürztraminer, with its hints of lychee and rose petals, to the zesty brightness of Riesling, boasting notes of citrus and stone fruits, or Pinot Gris/Grigio with its crisp acidity and notes of green apple, pear, and citrus, aromatic wines are perfect for pairing with our Asian fusion dishes. Each glass is a journey through lush vineyards, capturing the essence of the land and the artistry of winemakers.
